

EDITORIAL PREVIEW

April 2017 - MRO Americas Show Issue

MRO Americas Issue – Don't miss this opportunity to showcase your brand at the biggest MRO event of the year!

- ▶ **Leasing:** Inside MRO's in-depth examination of lessors, including our Top 10 Lessors & Mid-Life Market reports.
- ▶ **Airline Operations:** Jeff Martin, JetBlue Airways' Executive VP Operations, will deliver a keynote at the MRO America's conference on April 26. As a preview, we examine the airline's operations.
- ▶ **Military/Commercial MRO:** A look at autonomic logistics to predictive maintenance systems and their capabilities and efforts to ensure security.
- ▶ **Sensor Technology:** Advances underway for wireless and self-powered sensors and what impact they will have on MRO.
- ▶ **Aircraft Teardowns:** The state of the market, its players, and what's hot.
- ▶ **Engineered:** An engineering look at flight data records—how they've evolved and what could be next.
- ▶ **Aircraft Analysis:** Bombardier CRJ700's operations and upcoming MRO opportunities.
- ▶ **MRO Links:** Spotlighting new interior products—from seats to lighting to WiFi/inflight entertainment to the latest in cabin upgrade options.
